

# About Demons: A Definition

This file courtesy of S. Connolly and DB Publishing

**Demon/Daemon/Daimon:** Modern definition - Lesser spirit or god. A devil in Christian mythology. Literal meaning for demon - "Replete with wisdom." Derived from the greek "daimon" meaning divine power. Divine comes from the Latin "divus" meaning God. Hence Demons are Gods in their own right.

**Demonic:** Being as or resembling a demon.

**Demoniac:** A person possessed by demons.

**Demonocracy:** The demonic hierarchies/governments.

**Demonographer:** One who studies and records the history and description of demons.

**Demonography:** The history and description of demons.

**Demonolator:** One who practices demonolatriy. (feminine: Demonolatress)

**Demonolatriy:** The worship of demons and/or practicing magick with the aid of entities known as demons.

**Demonologist :** One who studies and catalogues demons. Also known as a Demonographer.

**Demonology:** The study and cataloguing of demons.

**Demonomancy:** Divination by means of demons according to some texts. Literally to raise demons.
